Education

Stanford Law School, Stanford Graduate School of Business <i>JD/Ph.D. in Accounting</i> Awards: Gerald Gunther Prize for Outstanding Performance, Securities Regulation	<i>Aug 2024 – Jun 2030</i>
The University of Chicago <i>Master of Science in Computer Science</i>	<i>Aug 2021 – Jun 2022</i>
Seoul National University <i>Bachelor of Business Administration (Summa Cum Laude)</i>	<i>Mar 2015 – Aug 2019</i>

Experience

Legal Intern, Office of General Counsel <i>Public Company Accounting Oversight Board</i>	<i>Washington, D.C.</i> <i>May 2025 - Aug 2025</i>
○ Analyzed SEC Releases on PCAOB rule proposals affecting audits of Emerging Growth Companies, reviewing all SEC comments from 2012–2024 and identifying a major post-2017 shift after the regulatory discourse on rule changes related to disclosure of CAM/KAMs.	
○ Researched OGC procedural precedents and uncovered grounds to remand or set aside DRI denials of audit firms' confidential treatment requests, based on review of board minutes and seriatim approvals (2004–2024) regarding delegated confidentiality motions.	
○ Built a consultation-tracking database mapping interactions between DCG and OGC on inspection issues related to AS 2405 (Illegal Acts) and SEC Rule 2-01(b) (Auditor Independence Indemnification).	
○ Drafted Rule 2105 memorandum addressing a Big Four firm's refusal to provide Item 8.1 Consent under SOX Section 102(b)(3), analyzing its claim that compliance would contravene home-jurisdiction law.	
Predoctoral Research Fellow <i>Stanford Graduate School of Business & Stanford Law School</i>	<i>Stanford, CA</i> <i>Jun 2022 - Jun 2024</i>
○ Conducted economic analysis for research publication of 11 academic papers under the supervision of 6 GSB and 2 SLS faculty members (Colleen Honigsberg, Robert Bartlett, etc.)	
○ Analyzed the change of OTC transaction disclosure channels by public companies following September 2021 rule change of SEC Rule 15c2-11.	
○ Constructed causal estimates that measured the repeal of U.S. Tax Code §936 on domestic investment and employment of U.S. multinational firms, creating 76 exhibits for forthcoming publication	
Artificial Intelligence Trading Intern <i>Fount Investment, Inc.</i>	<i>Seoul, South Korea</i> <i>Jul 2021 - Aug 2021</i>
○ Developed the Fount Market Score by integrating 449 global economic and market indicators to analyze 52,394 scenarios and forecast macroeconomic trends.	
○ Engineered dynamic portfolio rebalancing that diversifies investments across regions and risk tiers to optimize stable returns, which led to construction of Fount ETFs (NYSE Ticker: MTVR, SUBS)	
Motor Transport Operator <i>Republic of Korea Army, 21st Infantry Division</i>	<i>Gangwon, South Korea</i> <i>Feb 2020 - Jul 2021</i>
○ Drove gas tanks and trucks to supply regiments at eastern frontier between South and North Korea	
Private Equity Intern <i>Eventus Partners Private Equity</i>	<i>Seoul, South Korea</i> <i>Dec 2019 - Feb 2020</i>
○ Evaluated Leveraged Buyout opportunity by preparing detailed valuation models (DCF, precedent transactions, trading comps) to support proposed acquisition pricing and IRR sensitivity analysis	
○ Analyzed debt refinancing scenarios by modeling changes to interest expense, amortization schedules, and cash flow coverage ratios, assessing the impact on leverage and liquidity under various capital structures
